

Banister Park Friendly Games

At Banister Park we welcome visiting teams throughout the whole year. We are one of the few clubs in Hampshire with both indoor and outdoor facilities.

Friendly games indoors are played from September to April on our eight rinks. Outdoors we have 12 superb rinks over two greens and these are in use from late April to late August. We play reciprocal games home and away if desired.

We have fantastic catering facilities to offer our visitors and lunches are available on a pre-order system. After-match meals are usually a two-course meal, with the option for visitors who are staying in hotels of tea and biscuits after their games.

We have a large car park which can also accommodate coaches of touring teams.

Banister Park has very fine facilities which draw in a lot of County and National games

For all enquiries regarding friendly games please contact me on the phone number below.
